This gives a good idea of the way hay is stacked out here. The hay is bunched & the buck rake as soon being drawn up. The slide is hauled by 4 horses - 2 on either side. This is hauled up the slide & the hay drops or is left on top as case may be - the buck rake slides down again off the other end.

Lake Ewing Church. Alberta.

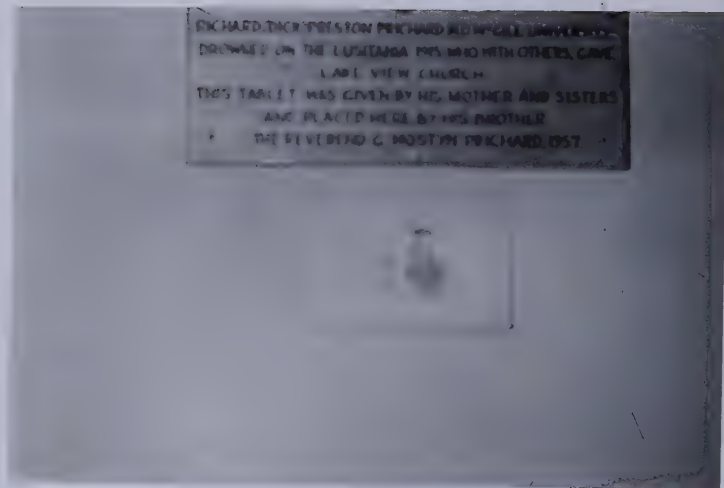

Eisen & built by my Brother Richard Preston Prichard - called Dick - and others.

I (the Reverend F. Mortyn Prichard) celebrated the Blessed Sacrament in this Church on Saturday September 7: 1957, at 11. am. with several of the "Faithful Prairie" around, including some who actually knew Dick and helped.

The Reverend H.R. Hunt, a Deacon at the time, acting as Rector, assisted. To me, it was a touching occasion. Dick worshipped in this humble building also: and prayed for those at home who loved him.

Part of the Interior of Lake View Church.
 The little Altar (behind the Reading Desk)
 and the Desk were made by Bob Sutfin.
 Others made the pews - Solid Canadian
 wood. About ten each side.
 The Altar Linen & Collecting Bags made by
 my Mother & Sister are still used; also
 the silver & gold Chalice & Paten inscribed
 to his memory from us all.
